- No previous experience is necessary; we provide all training and licensing
- PhotoFax also provides the vehicle and equipment needed to do this work.
- Full-time position with benefits including a matching 401k, paid vacation, paid sick time, performance based bonuses and reviews, and paid overtime opportunities.
- Our investigators have used this experience to become law enforcement professionals on municipal, state, and federal levels; upper management claims managers and special investigative unit agents with major insurance companies; as well as case managers with PhotoFax, Inc.

Whether it is within our company, in our industry, or in the field of criminal justice in general, PhotoFax, Inc. promises to provide our employees with professional development. Our investigators have used this experience to obtain employment with federal law enforcement agencies including the DEA, FBI, and the Secret Service as well as other branches. Other investigators have used this experience to gain positions with state and local law enforcement agencies as well as upper claims management positions in the insurance industry. Former military and college graduates with criminal justice related degrees are encouraged to apply; however, all backgrounds will be considered. The right candidate will be expected to work long hours on a schedule that fluctuates as well as work weekends and perform regional travel with overnight stays frequently.

Qualifications include, but are not limited to, a clean criminal background (you must be able to get licensed in the states of **TX**), a clean driving record with minimal infractions, and the ability and drive to work long hours and weekends.
